## NETWORK OVERVIEW

### **GO GREEN!**

To help reduce the consumption of paper, please access dentist information from The Guardian Find A Provider site, via links on [www.guardianlife.com](http://www.guardianlife.com) and [www.GuardianAnytime.com](http://www.GuardianAnytime.com). The site is available 24/7 and allows you to search for dentists or create a customized provider directory.

### **QUALITY CARE YOU CAN COUNT ON**

DentalGuard Preferred PPO allows you and your family to visit any dentist or specialist you choose or a high-quality DentalGuard Preferred network dentist, any time you need care. DentalGuard Preferred PPO Providers have agreed to fee discounts that are up to 30% less than what dentists usually charge.

Best of all, our DentalGuard Preferred PPO features one of the industry's most extensive nationwide dental networks with over 164,000 provider locations.

### **DENTALGUARD PREFERRED DENTISTS (In-Network Benefits)**

With the DentalGuard Preferred (PPO) product, you can see any dentist you'd like. However, you have more opportunities to save money when you see a dentist in the DentalGuard Preferred network.

In-network charges are based on a discounted fee schedule amount, whereas out-of-network charges are usually based on a reasonable and customary amount. This results in savings for the member when visiting an in-network dentist. Payment is made to the participating dentist. You are responsible for:

- any deductibles
- any co-payments
- services that are not routinely covered by Guardian and are not on the fee schedule
- services denied due to frequency or contract limitations  
Example : if the contract allows only two cleanings per year , the third cleaning is the patient's responsibility.
- cosmetic upgrades

**PLEASE NOTE:** The dentist may bill up front for deductibles, co-payments, and non-covered services.

### **NON-DENTALGUARD PREFERRED DENTISTS (Out-Of-Network Benefits)**

Services performed by an out-of-network dentist are usually paid at a lower, out-of-network coinsurance. Typically, when a dental specialist is needed and one does not exist in the network, benefits are paid at the out-of-network benefit regardless of a referral from an in-network dentist (unless state mandate requires otherwise).
